Ace Computers Rolls Out CCS-2 Microsoft Surface Pro Slate Tablet Secured with CAC Case

Ace Computers just announced a CAC case-secured MS Surface Pro 4 Tablet for CCS-2; Military,Government

CHICAGO, U.S., June 30, 2017 Ace Computers just announced a CAC case-secured MS Surface Pro 4 Tablet for CCS-2 (Air Force, Navy, Office of the Secretary of Defense, the White House Communications Agency, etc.) and other clients.

Ace Computers CEO John Samborski said, "We have been working with Microsoft for many years, but we are especially enthusiastic about this opportunity to offer the Surface Pro 4 to all of our clients—most especially the military and other DoD entities." The Surface Pro 4 is also available through Ace Computers' affiliate Ace Technology Partners.

Surface is a line of touchscreen Windows personal computers and interactive whiteboards designed and developed by Microsoft. Features and benefits of the Surface Pro 4 include:

• Laptop performance & enterprise security: Intel © Core™ Processors, TPM 2.0 security, Integrated CAC card reader experience, and FIPS 140-2 full disk encryption.

• Ready to work: Runs Windows 10 Enterprise, Standard Desktop Configuration (SDC 5.3), and other programs.

• Keep connected: USB, mini DisplayPort, and microSD to transfer files, add storage, and more.

• Bright and brilliant: Engage with others via the beautiful 12.3 inch HD PixelSense™ touchscreen.

• Work from anywhere: The type cover & built-in kickstand transform Surface from versatile tablet to premium laptop.

• Make your mark: Take notes, launch applications, advance slides, and collect signatures with Surface Pen.

• Premium support: 4-yr. next business day onsite w/hard drive retention

Product Certifications for the Surface Pro offered through Ace Computers and Ace Technology Partners include:

• DISA UC APL

• Pentagon JSP APL

• NSA Commercial Solutions for Classified (CSfC)

• FIPS 140-2 (Operational Environment)

• Common Criteria

• WPA 2 (Enterprise Wi-Fi Security)

• EPEAT

• Energy Star

Ace Computers was recently selected to receive the U.S. Air Force's CCS-2 (Client Computing Solutions) BPA. This is a five-year contract awarded to only six companies. The range of product categories under this BPA includes computing technology and displays, associated peripherals, and incidental services. Authorized users include the Department of the Air Force, Department of the Navy, Defense Health Agency-Air Force (DHAAF), Office of the Secretary of Defense, and the White House Communications Agency (WHCA). The award encompasses the high quality, superior-performing technology products that Ace Computers is known for, including workstations and mobile devices.
